

Newpark Resources Reports Fourth Quarter and Year-End 2007 Results

February 22, 2008

Company also announces \$25 million stock repurchase program

THE WOODLANDS, Texas, Feb. 22 /PRNewswire-FirstCall/ -- Newpark Resources, Inc. (NYSE: NR) today announced results for the fourth quarter and year ended December 31, 2007. Total revenues were \$159.7 million for the fourth quarter of 2007 compared to \$146.7 million for the fourth quarter of 2006. The fourth quarter 2007 results include a pretax charge of \$4.0 million (\$2.7 million after-tax) related to the repayment and termination of the Company's previous credit facilities. As a result, the Company reported income from continuing operations of \$5.5 million, or \$0.06 per diluted share. Excluding the \$4.0 million charge, income from continuing operations was \$8.2 million, or \$0.09 per diluted share. A Non-GAAP Earnings Reconciliation is included in the financial tables below. The Company also announced a \$25 million stock repurchase program.

Paul Howes, President and Chief Executive Officer of Newpark, stated, "The fourth quarter continued to be an extremely tough environment for oil service companies in North America. Many of the headwinds the industry faced during the third quarter remained in effect through the end of the year. Nevertheless, in spite of this uncertain and soft market, our fluids business showed strong revenue growth and improved margins on a sequential basis. We continue to grow this business and gain acceptance in the market place as a leading provider of fluids and related services, as evidenced by market share gains in the Rockies where we picked up work on all of the rigs for a major independent in this region.

"Looking internationally, drilling activity continued to show strength. We've benefited greatly from this long-term trend, as our AVA business grew 41% in 2007, with much of this growth due to a strong North African market. We successfully completed our second test well in Egypt, which now puts us in position to grow our business in this important market. Our AVA business, which consists of our European and North African operations, generated \$87 million of revenue for the full year in 2007. We also saw revenues from Brazil for the first time as we are now providing both fluids and services to land-based rigs there. Our goal is to leverage our presence in Brazil and expand into the country's deepwater market.

"Finally, we are very pleased to announce that the Board has authorized a \$25 million stock repurchase program. We will look for opportunities to buy back shares as we believe the stock is undervalued at the current share price," concluded Howes.

FOURTH QUARTER 2007 SEGMENT RESULTS

The Fluids Systems and Engineering segment generated revenues of \$136.3 million and a 12.9% operating margin in the fourth quarter of 2007 compared to the \$129.1 million of revenue and a 16.0% operating margin generated during the fourth quarter of 2006. Operating margin in the Fluids segment for the 2007 fourth quarter declined from year ago levels primarily due to higher barite, transportation, fuel and labor costs that could not be fully recovered through customer pricing increases.

The Mats and Integrated Services segment generated revenues of \$23.5 million and a 5.7% operating margin in the fourth quarter of 2007 compared to revenues of \$17.7 million and an 11.8% operating margin in the fourth quarter of 2006. The 2007 fourth quarter decline in operating margins is mainly attributable to continued weakness and a falling rig count in southern Louisiana, which contributed to pricing pressure and lower demand for mat rentals and related services.

2007 RESULTS

Total revenues for 2007 were \$612.8 million compared to revenues of \$581.9 million for 2006. Income from continuing operations was \$25.0 million for 2007, or \$0.28 per diluted share, compared to \$28.1 million, or \$0.31 per diluted share, for 2006. As set forth on the attached Non-GAAP Earnings Reconciliation, 2007 income from continuing operations excluding the fourth quarter charge of \$4.0 million related to the termination of the previous credit facility and \$2.4 million of legal costs incurred during the first quarter of 2007, was \$29.4 million, or \$0.32 per diluted share. For 2006, excluding certain items as set forth on the attached Non-GAAP Earnings Reconciliation, income from continuing operations was \$28.2 million, or \$0.31 per diluted share.

In 2007, the Fluid Systems and Engineering segment generated revenues of \$522.7 million and a 12.6% operating margin compared to \$481.4 million in revenues and a 13.8% operating margin in 2006. Full-year 2006 results included \$4.3 million in business interruption insurance proceeds due to Hurricanes Katrina and Rita received during the second and third quarters.

The Mats and Integrated Services segment generated revenues of \$90.1 million and a 14.2% operating margin in 2007 compared to revenues of \$100.5 million and a 15.1% operating margin in the 2006.

STOCK REPURCHASE PROGRAM

Newpark's Board of Directors has approved a stock repurchase program that authorizes the Company to purchase up to \$25 million of outstanding shares of Newpark common stock. These purchases will be funded with borrowings under the Company's revolving credit facility. As part of the stock repurchase program, the Company's management has been authorized to establish

trading plans under Rule 10b5-1 of the Securities Exchange Act of 1934, which the Company intends to establish as soon as practicable.

CONFERENCE CALL

In conjunction with this release, Newpark has scheduled a conference call, which will be broadcast live over the Internet, on Friday, February 22, 2008 at 10:00 a.m. Eastern Time / 9:00 a.m. Central Time. To participate in the call, dial (303) 262-2139 and ask for the Newpark Resources conference call at least 10 minutes prior to the start time, or access it live over the Internet at http://www.newpark.com. For those who cannot listen to the live call, a replay will be available through February 29, 2008 and may be accessed by dialing (303) 590-3000 and using pass code 11105800#. Also, an archive of the webcast will be available shortly after the call at http://www.newpark.com for 90 days.

Newpark Resources, Inc. is a worldwide provider of drilling fluids, temporary worksites and access roads for oilfield and other commercial markets, and environmental waste treatment solutions. For more information, visit our website at http://www.newpark.com.

This news release contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act that are based on management's current expectations, estimates and projections. All statements that address expectations or projections about the future, including statements about Newpark's strategy for growth, product development, market position, expected expenditures and financial results are forward-looking statements. Some of the forward-looking statements may be identified by words like "expects," "anticipates," "plans," "intends," "projects," "indicates," and similar expressions. These statements are not guarantees of future performance and involve a number of risks, uncertainties and assumptions. Many factors, including those discussed more fully elsewhere in this release and in documents filed with the Securities and Exchange Commission by Newpark, particularly its Annual Report on Form 10-K for the year ended December 31, 2006, as well as others, could cause results to differ materially from those stated. These factors include, but are not limited to, the investigation of the certain accounting matters by the Securities and Exchange Commission; changes in the laws, regulations, policies and economic conditions, including inflation, interest and foreign currency exchange rates, of countries in which Newpark does business; cost of raw materials, research and development of new products, including regulatory approval and market acceptance; and seasonality of sales of Newpark products. Newpark's filings with the Securities and Exchange Commission can be obtained at no charge at http://www.sec.gov, as well as through our website at http://www.newpark.com.

Newpark Resources, Inc. Non-GAAP Earnings Reconciliation Continuing Operations

The table below presents measures not derived in accordance with generally accepted accounting principles ("GAAP"). Non-GAAP measures of financial performance exclude items that the Company believes are infrequent or not indicative of operating performance. Non-GAAP financial measures should not be considered a substitute for, or superior to, measures of financial performance prepared in accordance with GAAP. The Company believes these non-GAAP financial measures are helpful, however, and management uses them in comparing the historical results to current results and measuring operating earnings trends.
